

SECONDSTEP

PUTTING MENTAL HEALTH FIRST

Second Step is looking for an experienced consultant to review how its Board currently works, and deliver recommendations on how we can ensure it is working to the highest level.

This commission is critical in ensuring that the Second Step Board is functioning effectively and is able to deliver its objectives and responsibilities.

About us

A leading mental health charity across the Southwest, Second Step offers support and hope to people with mental health and other problems. Our vision is that we believe in a world where everyone affected by mental health problems can create a positive future.

About our Board

We have a dynamic skilled Board of 12 people (non-Execs), including people with lived experience. Last November we went through a significant change with the long-standing Chair and another Board member stepping down. We have a new Chair (December 23) and we are delighted to welcome two new members to our board (August 24).

Scope

We welcome proposals from experts who meet the criteria and encourage applications from those with experience of governance in the voluntary and/or the public sector and who are experienced facilitators.
